

Works notification

Coburns Road closures and night works

We're removing four dangerous and congested level crossings at Coburns, Exford and Ferris roads in Melton, and Hopkins Road in Truganina to make Melton boom gate free in 2026. We're also building a new modern and accessible Melton Station.

What we're doing

We'll be closing Coburns Road at the level crossing to install the new rail bridge over the road at times in **November**. Detours will be in place. Please see maps over the page.

We'll also be working within the rail corridor at night to install rail bridge retaining wall segments and build the new rail bridges from **9pm, Sunday 9 November to 4am, Wednesday 12 November**.

While we complete these works there will be service changes on the Ballarat, Ararat and Maryborough lines from **9pm, Sunday 9 November to last service on Tuesday 11 November**.

Visit transport.vic.gov.au for more information and to plan your journey. Please allow extra travel time.

We'll also receive oversized deliveries at night to our construction site at times in November. Transport regulations require oversized deliveries to be made in the evening and overnight when traffic volumes on delivery routes are low.

Where and when we'll be working

Location	Date and time	Activity
Coburns Road, between Rees Road and James Melrose Drive	7pm, Thursday 13 November to 8am, Sunday 16 November	Coburns Road closed to lift in the new rail bridge
Coburns Road, between Staughton Street and James Melrose Drive	9am to 3pm, Thursday 20 November and Friday 21 November 9am to 3pm, Monday 24 November to Friday 28 November	Coburns Road closed to pour concrete into the new rail bridge
In the rail corridor from Exford Road to Toolern Creek	9pm to 4am, Sunday 9 November to Wednesday 12 November	- Build the new rail bridge - Install rail bridge retaining wall - Creek Street lane closure
Between Rees Road and Creek Street and within the Melton site compound at 71 to 81a Staughton Street	From midnight to 6am, on some nights throughout November	Out of hours deliveries of oversized rail bridge segments

Please contact us if you would like this information in an accessible format. If you need assistance due to a hearing or speech impairment, visit relayservice.gov.au

What to expect

- Traffic delays due to road and lane closures
- An increase in noise and traffic movement in the area
- Increased out of hours truck movements, construction workers and vehicles in the area
- Additional lighting and noise at night
- Dust to be minimised with watercarts

Traffic management and signage will be in place during closures and overnight deliveries to help you move around the area. Access to homes, schools and businesses will be maintained with detours in place.

We'll make every effort to complete works on schedule; however dates and times are subject to change.
