

# Works notification

## 24/7 works in May

**We're removing four dangerous and congested level crossings at Coburns, Exford and Ferris roads in Melton, and Hopkins Road in Truganina to make Melton boom gate free this year. We're also building a new modern and accessible Melton Station.**

### What we're doing

We'll be working in and around the rail corridor between Coburns Road and Ferris Road **24/7 from 10pm, Tuesday 26 May to 4am, Saturday 30 May** to:

- continue constructing the new Melton Station and rail bridge works
- undertake pavement works at the Hazel Street roundabout
- install signalling infrastructure, drainage and underground services.

To build the new Melton Station northern forecourt and entrance we're closing car spaces at Melton Station from **Monday 18 May to Monday 10 August**.

Approximately 400 car spaces will still be available with a free shuttle bus service to transport passengers from the north western car park on Brooklyn Road to the temporary station from **6am to 9am and 3pm to 6pm, Monday to Friday**. Please see map over the page.

### What to expect

- Works taking place 24 hours a day, with increased lighting, noise, vibration and traffic in the area.
- Minor traffic delays at the Coburns Road level crossing to bring construction machinery onto site.
- One way traffic overnight on sections of Brooklyn Road and Hazel Street.
- Dust minimised with watercarts.

Traffic management and signage will be in place to help you move around the area.

Access to homes and businesses will be maintained.

We'll make every effort to complete works on schedule; however, dates and times are subject to change.

### Changes to the way you travel

While we complete these works, there will be service changes on the Ballarat, Ararat and Maryborough lines with buses replacing trains from **10pm, Tuesday 26 May to last service, Friday 29 May**.

Please allow extra travel time. For more information and to plan your journey, visit [transport.vic.gov.au](https://transport.vic.gov.au).
