Cyber Safety for Parents
Keeping Kids Safe – Gaming

Gaming today is social. It's where young people go to play, connect and communicate with their friends.

This FREE session will provide parents with important information on keeping kids safe when using popular online gaming platforms, including:

- Understanding gaming features that are potentially harmful

- Managing & monitoring gaming & promoting self-regulation

- Strategies that foster positive digital experiences for children

- Managing digital wellbeing for children at home

- Q&A time with the team from the Cyber Safety Project
